In addition vendors must confine their response to the spaces provided on any furnished submittal form or Cost Form, except where the Form itself

Upon authorization by the CIRTA Board to award a contract based upon a particular offer submitted by a designated vendor, said vendor and CIRTA will work diligently to complete a contractual arrangement for the services within thirty calendar days of the Board action. Failure of the sides to reach a contractual arrangement may nullify the action of the CIRTA Board as to the award of the services and release CIRTA to attempt to secure a contract through negotiations with the second most favored vendor.

The preceding provisions include, in part, certain Standard Terms and Conditions required by USDOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by USDOT, as set forth in FTA Circular 4220.1E, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. ## **Attachment B: Standards of Service for Workforce Connector Vendors (from Policies and Procedures Manual, adopted February 6, 2018)**

### **A. Operational Policies**

#### **1) Stop policy**

- a) Workforce Connectors are fixed-schedule, fixed-route services with pre-defined stops. Except as instructed by CIRTA, the vendor will not drop off or pick up passengers at any locations other than a predefined stop. The vendor has some discretion to alter the designated location on a temporary basis due to unforeseen events such as weather, accidents, abnormal traffic, roadway construction and/or closures, etc. Note that accommodating passenger requests is **not** subject to the driver's discretion.
- b) Connector vehicles are expected to come to a complete stop at each bus stop, even if no waiting passenger is evident.
- c) Connector vehicles are required to stop at all the stops along their route for each run.
- d) Drivers are required to announce all stops.
- e) Drivers are required to assist customers requiring special assistance as per the Americans with Disabilities Act (ADA), and to be adequately trained on all vehicle equipment pertaining to accessibility.

#### **2) Fare Policy**

- a) All fares for individual passengers are payable by cash (exact change only), or tickets at the time of boarding. Other fare options or fare media may be developed at a later time.
- b) Fares must be collected at the time of boarding.
- c) The cash fare is currently \$1.00 per one way trip, and may be changed during the life of the contract.
- d) The Vendor(s) currently retains the cash fares collected, which are credited against the monthly invoiced services and is based on the cost per revenue hour. Accurate accounting of fares is crucial.
- e) Vendor(s) fare processes are subject to monitoring and review by CIRTA and/or full audit at any time. See Section D.

#### **3) Vehicle Dead-time Policy**

- a. CIRTA may provide, at its discretion and upon request, a list of acceptable locations where Vendor's vehicles may be parked when non-revenue time does not permit an efficient use or return of the vehicle to the Vendor's operations center. These locations may include but are not limited to publicly-owned facilities such as park & rides and transit centers.
- b. Workforce Connector vehicles with CIRTA branding should not be stopped at locations during vehicle dead time that may reflect poorly upon CIRTA's public image. These locations include, but are not limited to:
  - i) Vendors' home or any private residence
  - ii) Any location outside the CIRTA service area
  - iii) Adult entertainment establishments, bars, liquor stores, gambling establishments, including racetracks
  - iv) Any location that may result in disturbing a residential area
  - v) Any location that may unnecessarily expose the vehicle to risk

## **B. Performance Standards**

### **1) Service policy**

- a) Workforce Connectors provide service any day that IndyGo provides normal weekday service (or Saturday service, if applicable).
- b) For inclement weather, cancellation of service may be enacted only if the pertinent County Emergency Management Agency issues roadway restrictions (see “Inclement Weather Policy” for further clarification and an outline of notification procedures), or if the connecting service (IndyGo) is not operating.
- c) If Vendor is scheduled to provide service but fails to do so (other than for inclement weather events or equipment malfunction, or otherwise by the instruction of CIRT A), the Vendor will not charge CIRT A for that service period, and will also issue an invoice credit of 20% of the missed service period’s original cost. As noted under “vehicle breakdown” in the Maintenance section, below, the vendor will retain backup equipment sufficient to ensuring minimal delay in the event of an equipment malfunction.
- d) If Vendor’s vehicle does not visit all the stops along the route, the Vendor’s charges will be prorated to the proportion of stops that are visited.

### **2) On-time performance:**

- a) The Workforce Connector’s current standard for on-time performance is ninety- five percent (95%), meaning that (barring unforeseen circumstances that delay travel [see Operations Policy #1, above]), ninety-five percent (95%) of the route’s stops must be picked up within a 12-minute window (+2/-10, i.e., no earlier than 2 minutes before scheduled time, and no later than 10 minutes after the scheduled time) for 30-minute service, and a 17-minute window (+2/-15) for 60-minute service. For stops that do not have a formally listed schedule time, the scheduled stop time will be interpolated from other scheduled stops.
- b) The relevant period of examination for evaluating on-time performance is a week. A 5% penalty will be applied on the Vendor’s invoice for any service week that does not meet this standard, to be applied to that week only (and not to the remainder of the invoice).

### **3) Tracking equipment**

- a) Vendors will be issued, at no cost to them, equipment for vehicle tracking (currently an iPhone SE).
- b) Vendors will be responsible for ensuring that the equipment is charged and placed on the vehicle performing Workforce Connector runs before each and every run.
- c) CIRT A will review equipment at its quarterly contractor review meetings, and provide assistance to the vendor if an equipment error occurs at other times.
- d) Vendors will not use the equipment for any purpose other than allowing tracking, except with explicit authorization from CIRT A staff.
- e) CIRT A staff will work with Vendors to ensure that any associated operating systems and software are up-to-date.
- f) A 1% penalty will be applied on the Vendor’s invoice for any service period (morning or afternoon) that does not meet this requirement, to be applied to that period only (and not to the remainder of the invoice).

## **C. Customer Relations and Quality Service Requirements**

All Vendors must comply with the applicable provisions of this section.

### **1) Customer Relations Services**

- a) CIRTA maintains a central call center that handles inquiries relevant to Workforce Connectors during normal business hours (8 am to 5 pm), Monday through Friday. Customer service inquiries occurring outside of normal business hours but during Connector operational windows should be managed by the Vendor.
- b) Vendor(s) must establish and maintain acceptable standards of customer service and customer relations for each type of service provided.
- c) Vendor(s) customer service or customer relations personnel, policies, operational procedures, and employee training programs will ensure compliance with the policies, requirements, and standards established by the ADA, FTA, other federal, state and local regulatory agencies, and/or CIRTA.
- d) Vendor(s) staff may participate from time to time in CIRTA special programs that affect Workforce Connector policy and/or services.

### **2) Customer Information**

- a) CIRTA provides up-to-date timely information relevant to current Workforce Connector services to be communicated via the CIRTA customer information system. Examples Include: "Due to snow, all scheduled Workforce Connector trips may be subject to delays up to XX minutes."
  - i) The Vendor(s) will convey CIRTA provided communications to customers as soon as possible in the manner requested.
  - ii) Vendors will ensure that copies of written material will be posted on Workforce Connector vehicles or given to customers no later than the day following its receipt and will be displayed for a minimum of seven (7) consecutive days.

### **3) Complaint Resolution**

- a) All customer complaints will be received and documented by CIRTA, or forwarded to CIRTA if received directly by the Vendor.
- b) CIRTA personnel will investigate, respond, and close general customer complaints within ten (10) business days. Other types of complaints, such as Title VI and ADA, will be investigated in accordance with CIRTA's stated Title VI and ADA policies.
- c) Vendor(s) will assist with investigations as necessary in complying with CIRTA's customer complaint process. All complaint investigation results will be documented and copies provided to CIRTA.
- d) The Vendor(s) personnel policies will specify discipline, up to and including termination, resulting from failure to maintain compliance, safety, professionalism, courtesy in customer relations, and other quality service standards.

## **D. Fare Administration and Cash Management**

### **1) Workforce Connector Fares:**

- a) CIRTA is responsible for setting and changing the fare structure.
- b) The Vendor(s) providing the transportation service is/are responsible for collecting the appropriate fare from Workforce Connector passengers. CIRTA reserves the right to approve, in advance, the procedures and processes for collecting fares.

Central Indiana Regional Transportation Authority  
IFB #2018-2 CIRT A: Whitestown Reverse Commute Transit

- e) Any fare management process must include but not be limited to:

  - The Vendor(s) will retain cash collected and the value of such collections will be deducted from the monthly invoice.
  - Vendors will be familiar with and will follow existing fare policies.
- f) The following requirements also apply to the collection of cash fares:

  - Collection and security of any receipts of cash and/or other fare media are the responsibility of the Vendor(s).
  - Vendors currently collect fares manually..

  - Payments for 10-trip passes are collected with fares, and documented separately.
  - The vendor will record and/or verify the type of fare received or presented for each passenger at the time of pickup and through dispatch as necessary.
  - CIRT A reserves the right to audit and inspect the Vendor(s) revenue collection and verification process, including requiring changes in the process as CIRT A determines to be appropriate.
  - All riders must pay fares or use approved fare media.

## **E. Maintenance**

The Vendor must have a maintenance program for all vehicles, which must be approved by CIRT A prior to the start of service. The program must track and document all scheduled maintenance based on the original equipment manufacturers (OEM) preventative maintenance intervals, associated inspections and services, as well as unscheduled maintenance, resulting from breakdowns, accidents, and deficiencies noted in the vehicle inspection log, warranty repairs, and recalls performed on each vehicle. The program must also track and document parts, fuel and oil usage, maintenance and repair expenses, and labor for each vehicle during the life of the contract. Upon request, the Vendor will provide all applicable vehicle maintenance reports, in a format provided by CIRT A.

The Vendor shall perform or cause to be performed all inspections, repairs, and maintenance for all transit vehicles. Upon request, CIRT A shall have access to all maintenance facilities between the hours of 8:00 am and 5:00 pm (business hours), Monday through Friday, to include access to vehicles and associated maintenance records. All exterior and interior lights are to be inspected and replaced as required. Each vehicle shall be free of exterior and interior damages (e.g., dents, torn upholstery, worn flooring) at all times. The Vendor shall be required to maintain the interior and exterior paint, including spot painting, replacement of decals provided at CIRT A expense (except when specified elsewhere), and when necessary, painting the entire vehicle.
