

Commute together. Win bigger.

Take the Challenge!

The Commuter Challenge is a fun and easy way to encourage commuters to use more sustainable modes of transportation, including carpooling, vanpooling, riding transit, bicycling, and walking. Throughout the month of October, challengers who log their daily commutes online will be entered into the Commuter Challenge drawing for some great prizes! Plus, every logged commute will be an additional entry into the drawing!

Join the many companies, colleges, and other organizations in Indianapolis that are encouraging their employees, students, and members to take the Commuter Challenge!
