Clients must use the program to either cross one county line or travel within the same county in one of the 7 surrounding counties adjacent to Marion County or in Madison County.

Cost of Trips: Clients are responsible for 25% of the total trip cost, while CIRTA/CICOA/FTA 5307 funding covers the remaining 75%.

- If the pickup location is in Marion County and involves crossing one county line, the trip cost includes a \$5 pickup fee plus \$2 per mile. The system calculates the shortest mileage route.
- For round trips, which consist of two one-way trips, the \$5 pickup fee and \$2 per mile are applied to each trip.
- If the pickup location is in Boone, Hamilton, Hancock, Hendricks, Johnson, Madison, Morgan, or Shelby County, minimum trip charge fees will apply due to "dead head" mileage by the provider. Please inquire about pricing with Ztrip at (317) 487-7777 if traveling with them.

Number of Counties Crossed: Clients can only cross one county line per one-way trip.
